INDEX.

Abrams, Duff A.
Effect of Vibration, Jigging and Pressure on Fresh Concrete, 63.
Receives 1918 Wason Medal, 18.
Discussion, 19, 86, 87.

Andrews, H. B.
Design of Reinforced-Concrete Fuel-Oil Reservoirs, 173.
Discussion, 206.

Barges.
See **Ships.**

Bond Tests.
In paper by. W. A. Slater, 31.

Breed, H. E.
Report of the Committee on Concrete Roads and Pavements. H. E. Breed, Chairman, 404.

Bridges.
Report of the Committee on Reinforced-Concrete Highway Bridges and Culverts, 360.

Buildings.
Concrete Work on the Brooklyn Army Base. A. C. Tozzer, 139.
Proposed Standard Building Regulations for the Use of Reinforced Concrete, 387.
Report of the Committee on Reinforced-Concrete and Building Laws, 386.
Some Remarks on Earthquake Resisting Construction. J. I. de Jongh, 211.

Bush, A. L.
Layout and Equipment of the Government Concrete Shipyards, 216.

Chapman, C. M.
Discussion, 206, 336, 337, 338, 339.

Cohen, A. B.
Report of the Committee on Reinforced-Concrete Highway Bridges and Culverts. A. B. Cohen, Chairman, 360.

Committee Reports.
Building Block and Cement Products, 412.
Concrete Roads and Pavements, 404.
Concrete Sewers, 319.
Concrete Ships, 312.
Fireproofing, 314.
Nomenclature, 373.
Reinforced-Concrete and Building Laws, 386.
Reinforced-Concrete Highway Bridges and Culverts, 360.
Sidewalks and Floors, 411.
Treatment of Concrete Surfaces, 343.

Comyn Medal.
Presentation, 17.

Culverts.
See **Bridges.**

Davis, Watson.
Discussion, 86, 87.

de Jongh, Juan I.
Some Remarks on Earthquakes Resisting Construction in Central America, 211.

Design.
Recommended Rules for Concrete Sewer Design, 321.

Douty, D. E.
Discussion, 317.

Earthquakes.
Some Remarks on Earthquakes Resisting Construction. J. I. de Jongh, 211.

Eldridge, H. M.
Discussion, 204.

Fireproofing.
Fire Hazard of Fuel Oil. J. W. Lord, 179.
Fire Tests of Concrete Columns. W. A. Hull, 89.
Report of the Committee on Fireproofing, 314.

Floors.
Report of Committee on Sidewalks and Floors, 411.
Standard Specifications, 413.

Freeman, J. E.
Report of Committee on Sidewalks and Floors. J. E. Freeman, Chairman, 411.
Discussion, 206.

Glaettli, J., Jr.
Problems in Design of Reinforced-Concrete Ships, 231.

Godfrey, Edward.
Discussion, 60.

Gow, Charles R.
Receives 1917 Wason Medal, 17.

Hardison, R. M.
Discussion, 152.

Hatt, W. K.
Discussion, 17, 20, 152.

Havlik, R. F.
Report of Committee on Building Block and Cement Products. R. F Havlik, Chairman, 412.

Hering, Rudolph.
Discussion, 317.

Hollister, S. C.
Construction of Concrete Barges for the New York State Barge Canal, 289.
Plasticity and Temperature Deformations in Concrete Structures, 127.
Discussion, 205.

Horner, W. W.
Report of Committee on Concrete Sewers. W. W. Horner, Chairman, 319.
Discussion, 340.

Hull, W. A.
Fire Tests of Concrete Columns, 89.
Report of Committee on Fireproofing. W. A. Hull, Chairman, 314.

Humphrey, Richard L.
Discussion, 87, 318.

Impact.
Tests in Paper by W. A. Slater, 43.

Impermeability of Concrete.
Tests in Paper by W. A. Slater, 27.

Irwin, A. C.
Concrete Railway Track Support, 153.

Jigging of Concrete in Forms.
Effect of. Duff A. Abrams, 63.

Jongh, Jaun I. de
Some Remarks on Earthquake Resisting Construction, 211.

Libberton, J. L.
Discussion, 358, 359.

Lindau, A. E.
Discussion, 338.

Lord, J. W.
The Fire Hazard of Fuel Oil, 179.

Love, H. J.
Discussion, 337.

Lowell, John W.
Discussion, 336, 339.

McDaniel, A. B.
Receives 1916 Wason Medal, 17.
Discussion, 20, 207.

Mackenzie, C. L.
Discussion, 340.

McMillan, Franklin R.
The Strainagraph and Its Application to Concrete Ships, 108.

Meriwether, Coleman.
Discussion, 336, 339.

Moore, E. J.
Report of the Committee on Reinforced-Concrete and Building Laws. E. J. Moore, Chairman, 386.
Discussion, 152.

Nomenclature.
Report of the Committee on Nomenclature, 373.

Oil Tanks.
Design of Reinforced-Concrete Oil Reservoirs. H. B. Andrews, 173.
Fire Hazard of Fuel-Oil. J. W. Lord, 179.
Tests of Concrete Tanks for Oil Storage. J. C. Pearson and G. A. Smith, 186.

Pearson, J. C.
Report of Committee on Treatment of Concrete Surfaces. J. C. Pearson, Chairman, 343.
Discussion, 204, 205, 206, 358, 359.

Pearson, J. C., and G. A. Smith.
Tests of Concrete Tanks for Oil Storage, 186.

Pipe.
Proposed Standard Specifications for Reinforced-Concrete Pipe Sewers, 321.

Pressure on Fresh Concrete.
Effect of. Duff A. Abrams, 63.

Railways.
Concrete Railway Track Support. A. C. Irwin, 153.

Reinforced Concrete.
Proposed Standard Building Regulations, 387.

Reinforcement.
Corrosion in. W. A. Slater, 25.

Reversal of Stress.
In paper by W. A. Slater, 41.

Roads.
Amendments to Recommended Practice for Concrete Road and Street Construction, 405.
Report of Committee on Concrete Roads and Pavements, 404.

Sewers.
Proposed Standard Specifications, etc., 321.
Report of Committee on Concrete Sewers, 321.

Ships.
Construction of Concrete Barges. S. C. Hollister, 289.
Layout and Equipment of Concrete Shipyards. A. L. Bush, 216.
Method of Construction. R. J. Wig, 241.
Problems in the Design. J. Glaettli, Jr., 231.

Ships (*Continued.*)
Report of the Committee on Concrete Ships, 312.
Strainagraph and Its Application to Concrete Ships. F. R. McMillan, 108.
Tests, in paper by W. A. Slater, 49.

Sidewalks.
Report of the Committee on Sidewalks and Floors, 411.
Changes in Standard Specifications, 413.

Slater, W. A.
Report of Committee on Nomenclature. W. A. Slater, Chairman, 373.
Structural Laboratory Investigations in Reinforced Concrete made by Concrete Ship Section, E. F. C., 24.
Discussion, 61.

Smith, G. A., and J. C. Pearson.
Tests of Concrete Tanks for Oil Storage, 186.

Specifications.
Roofing Tile, 415.
Sidewalks and Floors, 413.
Roads, 405.
Sewers, 321.

Stephens, A. W.
Discussion, 152.

Stucco.
Recommended Practice for Portland Cement Stucco, 344.

Talbot, K. H.
Discussion, 86, 87, 336.

Tests.
Effect of Vibration, Jigging and Pressure on Fresh Concrete. Duff A. Abrams, 63.
Fire Tests of Concrete Columns. W. A. Hull, 98.
Plasticity and Temperature Deformations in Concrete Structures. S. C. Hollister, 127.
Strainagraph and Its Application to Concrete Ships. F. R. McMillan, 108.
Structural Laboratory Investigations in Reinforced Concrete. W. A. Slater, 24.
Tests of Concrete Tanks for Oil Storage. J. C. Pearson and G. A. Smith, 186.

Thompson, Sanford E.
Discussion, 20.

Tile.
Standard Specifications for Concrete Roofing Tile, 415.

Tozzer, Arthur C.
Concrete Work on the Brooklyn Army Base, 139.

Track.
Concrete Railway Track Support. A. C. Irwin, 153.

Turner, H. C.
Report of the Committee on Concrete Ships. C. Turner, Chairman, 312.
Discussion, 21, 152.

Upham, C. H.
Discussion, 205.

Vandyke, G. W.
Discussion, 204.

Vibration of Concrete in Forms.
Effect of. Duff A. Abrams, 63.

Wason, L. C.
Discussion, 17, 204, 339.

Wason Medal.
Presentation, 17.

Web Reinforcement.
In paper by W. A. Slater, 50.

Wig, Rudolph J.
Methods of Construction of Concrete Ships, 241.

Wight, Frank C.
Discussion, 152.

Woolson, Ira H.
Discussion, 317, 318, 358.
